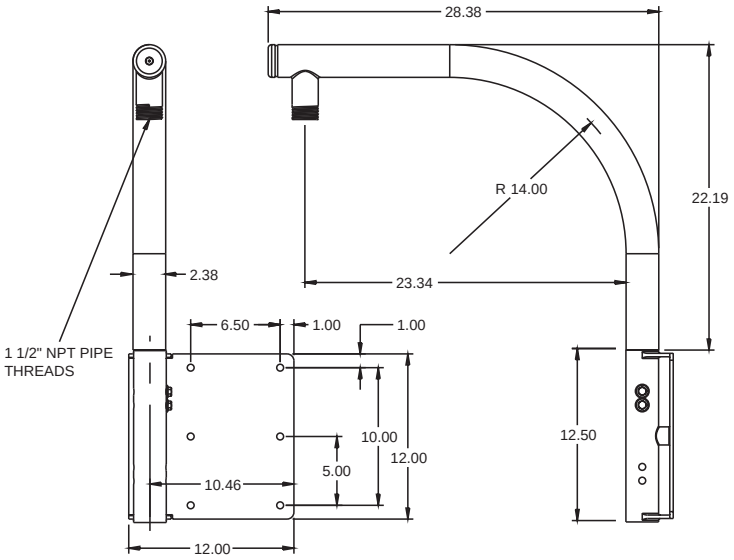
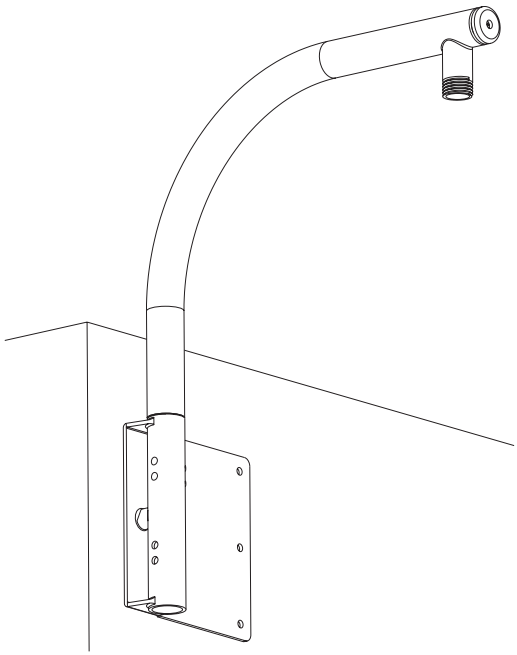
Parapet Mount
JK-PM

TOSHIBA



DESCRIPTION

For parapet mounting situations, the JK-PM offers ease of installation and service. It's designed to be used on either inside or outside roof top parapets, and features a 1 1/2" pipe thread. An access plug on the end of the bracket is provided for wire pulls. The design allows the dome to be swung back over the roof for servicing.



FEATURES

- All aluminum construction
- Durable powder coat finish
- 1 1/2" pipe thread for quick and easy mounting
- 50 lb load rating

APPLICATIONS:

The JK-PM is designed to be used with the JK-PHI and JK-PHO housings.
